

Pipet Tips

Features

1. Both tips and boxes are autoclavable.
2. Low liquid attachment.
3. Resistant to organic solvents.
4. Clear Graduation for observation.
5. Boxed tips are DNase/RNase free, and pyrogenic free.
6. Nest pipette tips are compatible with most of the popular pipettes on the market.
7. Boxed tips are sterilized by E-beam.
8. Bagged tips are non-sterilized.

Material

Made from medical grade PP and manufactured in ISO 8 grade cleaning room. With precision mould and professional injection skill, Nest tips has smooth inner surface which is very important to ensure accurate results during liquid handling.
