

Round Storage Bottles

Application

- Suitable for product packaging and storage requirements in molecular biology, laboratory medicine, genomics and proteomics research.

Main Customers

- Purification reagent manufacturers
- Solid reagent manufacturers
- Pharmaceutical packaging materials enterprises
- Research universities
- Various laboratories and enterprises with demand for liquid storage.

The raw materials, premium polypropylene (PP)/polyethylene (HDPE), have excellent physical and chemical indicators and very good pressure-resistance, impact-resistance and acid and alkali resistance. PP materials can undergo autoclave sterilization at 121°C ; HDPE can be stored at -80°C.

• Features

- A full range of choices to meet different packaging and storage requirements.
- Wash-free, no need for tedious pre-cleaning processing work, ready to use, greatly improves the packaging effect of users. Thickened middlepackaging to ensure transportation and storage safety.
- Use of professional leak-proof design for bottle mouth, with no need for inner cover or inner gasket for protection, excellent sealability. Guarantee of being 100% leaking-proof to ensure safety even during air transportation; wide-mouthed design for easy access of liquid.
- No biotoxicity, pyrogen-free, DNase/RNase-free, manufactured in a 100-thousand grade clean plant. The sterile plastic bottles are sterilized using GAMMA-ray.
- Introduction of imported digital-controlled production equipment with high precision; the products have fine details and comfortable touch, the body walls of which are even with high gloss, with no color difference; high uniformity between different batches.
- With respect to the process, high-class molding technologies and surface processing technologies are used, leading to smooth interior and exterior surfaces of the plastic bottles without wicking effect of reagents, subsequently significantly reducing sample wastage; the products have high interchangeability with imported ones, can be used to replace the imported ones.

Cat.No.	Volume (mL)	Material	Color	/Pack	/Case
335201	8	PP	Amber	20	20
336201	15	PP	Amber	20	20
337201	30	PP	Amber	10	20
338201	60	PP	Amber	10	20
